Building a Greener Tomorrow

Launch of the IGAD Regional coalition on Climate and Climate-Resilient Agri-Food System

www.pacuwaafrika.org

PACU WA AFRIKA Building Society is a youth-led organization committed to driving sustainable development and climate action in Uganda.

Introduction

To become a leading community-driven institution transforming lives through equitable development, social justice, and sustainable empowerment initiatives.

Our goal is to build a movement where sustainability is not optional—but a way of life across Africa.

Our Vision

Our main objective is to promote sustainable community development through poverty reduction initiatives, improved access to education, protection of vulnerable groups, advancement of gender equality, and strengthening environmental sustainability through inclusive participation of youth and women.

Our Objectives

The Problem

Limited youth involvement in structured climate action

Climate change affecting livelihoods

Increasing environmental degradation

Poor waste management practices

IMPORTANCE

WHY IT MATTERS

Growing urgency of climate challenges in Africa

Increasing youth population ready to act

Strong need for community-based solutions

Rising support for sustainable initiatives

OUR APPROACH

- Community engagement & mobilization
- Tree planting and environmental restoration
- Youth education & awareness programs
- Partnerships with institutions and stakeholders

...

KEY ACTIVITIES

Tree planting initiatives

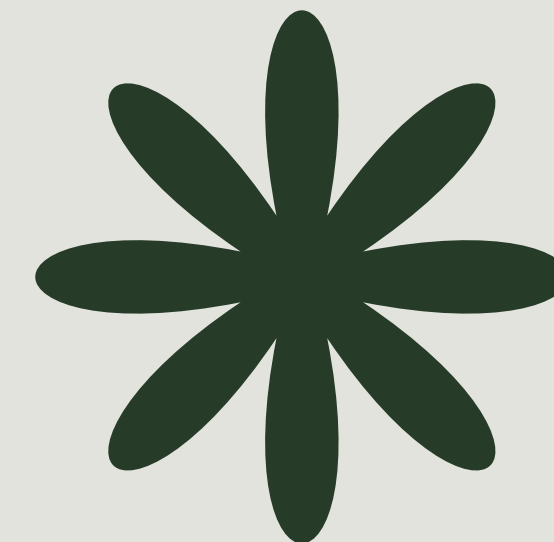

Environmental awareness
campaigns

Youth training and empowerment

Community outreach programs

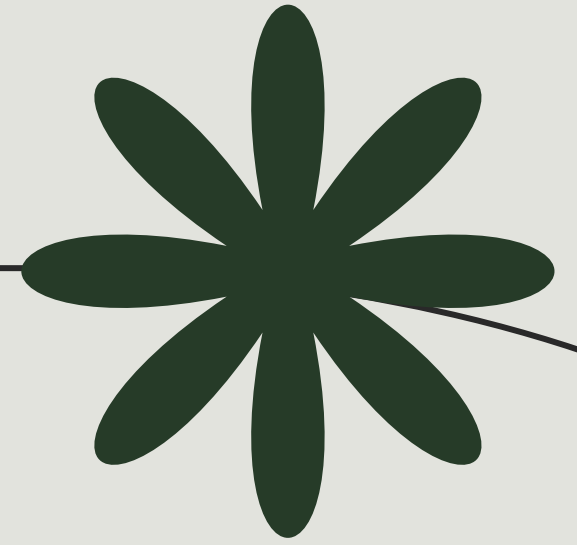

OUR IMPACT

- Active engagement with youth and communities
- Successful tree planting activities
- Growing network of participants
- Increased awareness on climate issues

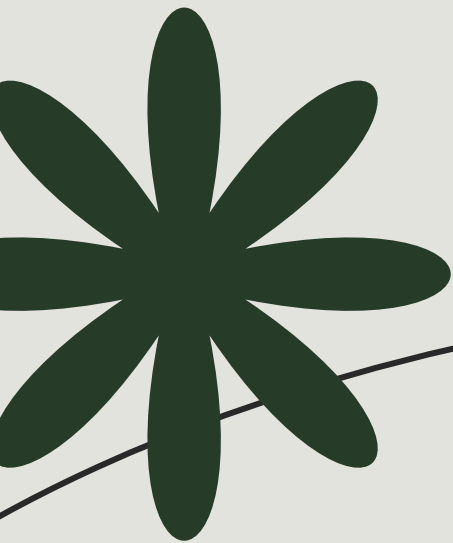

- ➔ Expand community outreach programs
- ➔ Strengthen partnerships with organizations
- ➔ Increase digital presence (website & media)
- ➔ Scale initiatives across regions

GROWTH STRATEGY

PACUWA AFRIKA
BUILDING SOCIETY

AARON ODONGO

CEO PACUWA AFRIKA – BUILDING SOCIETYI

At PACU WA AFRIKA, we believe climate action is a shared responsibility.

With collaboration and support, we aim to scale our impact, empower communities, and build a sustainable future for Africa.
